### Assessment

This week we will be giving the students standardised reading, spelling and maths tests. These assessments give students a score, but more importantly can be used to identify areas of strength and areas where support is needed. These results, along with other in class assessment will give the teachers a clearer idea of where students are up to as a class and individually.

We will use these results in conjunction with what we know about our students to report accurately to parents and to plan the most effective teaching and learning activities for individuals, groups and classes.

If you would like to know more about these assessments or discuss your child's progress at any time please make an appointment to see Mr Scott or Mrs Lynch.

Canteen – Sept 6: Kerrie

**IMPORTANT INFORMATION NEEDED****Student Medical Details and Health Conditions**

If you were sent a form on last week's newsletter please return this form.

If your child has recently been diagnosed with a health condition that we **do not know about**, please come into the school and fill out a form as soon as possible.

The new forms will help us collect your child's important medical information and the introduction of new systems will mean we'll be able to better manage the daily and needs of emergency health your child.
