Spring Terrace Face Book Page and Website.

A reminder that the school has both a Face Book page and website. The school newsletter is regularly uploaded to the website, so if you are ever unsure about school events, this is an easy way to check on times and details. The website also contains photos and other information about the school.

Our Face Book page lets people in the community see some of the great things that happen in our school and gets our name out there. If you're into Face Book please like, share and invite friends to our page.
