Library News - from Mrs PE

On Monday 16th June (Week 8) as part of our Library program, the children will be involved in the 'Responsible Pet Education Program'. Nina Rogan and her pet dog 'Tinkerbell' will be coming to visit our school. Tinkerbell will be helping to teach the children how to be safe around dogs and how to say hello to dogs with their owners. There will be lots of listening, role plays, singing and some dancing.

Congratulations!

Monique and Kyla for completing the Premiers Reading Challenge

OSSA Soccer

Good luck to Monique who will play in the OSSA soccer team against Canowindra this Thursday in the first round of the state knockout.

Canteen this week: Lis - Fri 23rd May

Our School Artworks still on display at the Orange City Library

The Art works looked so lovely displayed at the Orange Region Farmers Markets that Cath Thompson has asked the Orange City Library to continue to display them. If anyone missed out on the opportunity to view their children's work, please visit the Orange Library.

Life Education Van

Healthy Harold and the Life Education Van will be visiting our school on Monday 2nd June. This is a great interactive way for the students to learn about Personal Development and Health.

Sustainable living cooking competition

The school has been invited to participate in the Rotary- Sustainable Cooking Competition to be held at the Orange Farmers Markets on Saturday 13th September.

For us to enter this we would need a parent or community member who would be willing to work with a small number of students on this project.

Please contact the school if you would be interested in this.

Mental maths strategies

We teach children a range of different strategies to add and subtract numbers. By showing them several methods for solving maths questions, we're helping them to look for patterns. All this builds a good sense of "number" which means they understand the relationships between different numbers and why different ways to add and subtract work well. The goal is that your child will understand many ways to approach a maths problem and will be able to choose a way that makes the most sense to them. School A to Z has a lot of resources, including help sheets on mental maths strategies, here : www.bit.ly/JkiUsY
