2015 Voluntary School Contributions

Due to the amount of activities during Term 1, we have left invoicing for the voluntary contributions until this term. There will be no rise in the cost; they will remain at \$30.00 per child, the same as they have been since 2012.

Voluntary school contributions go towards buying consumables used in the classroom by students and are an important part of providing students with as many opportunities as possible. These contributions are voluntary and students will not be disadvantaged if they are not paid.

Please return your fees in the attached envelope and if you wish to pay by instalment please contact the office.

Scarecrow Building Time

It is that time of the year again – the Orange Show is on this weekend and we are again going to enter a scarecrow. We have great expectations to live up to considering we were named Champion Scarecrow last year.

We will be making the scarecrow out of recycled metal materials and he will be placed in the garden.

Could parents and children please look around for things such as sprinkler heads, metal pipes, old drums etc. that can be used for body parts. The children will design the scarecrow and our talented Mr Scott will weld it together (out of school hours).

Please bring the materials to Mrs Barrett and they will be stored in the sports shed.

We have some very keen students this year participating in the Premiers Reading Challenge.
