Collecting Children From School

If a child is going to be collected from school or a school activity by someone other than their own parents a member of staff must be notified beforehand. This is a legal requirement of the Department of Education.

This permission can be given by a phone call, note or by speaking to a staff member. Parents are also able to nominate other adults who are able to take their children from school on a regular or frequent basis.

In future students will not be allowed to go with a person other than their parent unless the school has been notified.
