School Beautification Project

As was mentioned in last week's newsletter the group that has taken on beautifying the front of the school have hit the ground running and are ready to start a number of projects.

The first of the plants that have been donated by Bunnings will be picked up this Friday, ready to be planted next Wednesday. In the meantime the students have begun levelling out the front gardens.

We'd love some muscle to help us out with this, if you have a bit of time to spare and can use a shovel please call into school and lend a hand.

So that all students and families can be a part of this project we are going to include some planting and pot painting in our Education Week Activities next Wednesday. Each student with the assistance of their parents will be given a pot to paint and plant to plant. If you can't attend Education Week we will organise another time for families to take part in this activity.

3-Way Interviews

If you haven't already booked an interview Mr Scott or Miss Toovey will contact you to organise a suitable time.
