Term 1 Week 9

Tuesday 24th March 2020

## School Attendance

School is currently open for students whose parents are both working, otherwise students are encouraged to stay at home.

**If you do need to work please send your children to school** rather than finding other care for them, after all the goal is to limit the number of people everybody interacts with.

We want to do our part to ensure that COVID-19 is controlled as quickly and effectively as possible.

The staff are currently working hard to organise work for our students. Most of this will be distributed via Google Classrooms but there are hardcopy alternatives for students who don't have the internet or a device available to them.

We will work with families to make this work as smoothly as possible.

## Future Development

We are continuing to receive regular updates from the Department of Education and the Department of Health on the current situation and any actions we should be taking.

Any information relevant to our students and parents will be forwarded to parents as quickly as possible.

## Spring into School

As for our regular students the same applies for Spring into School. Students should only attend if both parents are working. Again send students to school rather than finding other care for them.

## Collection of School work

Tomorrow, parents will be able to collect work for their children from school. Teachers will also make contact with parents on Wednesday or Thursday to answer any questions and to see what else we can do to ensure a smooth transition to learning at home.

If you have any questions please contact your child/children's teacher during school hours by ringing the school on

**6365 4287**

Outside of school hours, email the teacher of contact Miss Toovey, Miss Hutchison or myself about your child using Google Classrooms, on the emails listed below:
